The modern way of living.

  
**FALCO**  
wood industry

## Good design starts in the forest.

For over 70 years, wood has been at the center of our work. A passion for this material is evident in each and every one of our designs, and it is with this tradition that we are shaping our future. Let us guide you to **“the modern way of living”**.

# Worktops

## The beauty of work.

There is a saying that work is followed by pleasure. At Falco, however, we find great pleasure in our work. Manufactured using the post-forming process, our worktops stringently fulfil all requirements that kitchens, shops and catering facilities demand. And of course, the highly resilient surfaces and rounded edges of our worktops look beautiful.

- **high variety of wood and stone decors**
- **high durability and resilience**
- **high wear resistance and stability**
- **high chemical and thermal stability**
- **easy to clean**
- **extended durability**
- **sustainable and recyclable**

# Worktops

## Product Description

---

FALCO worktops are produced with first class chipboard and high pressure laminate.

## Characteristics

---

- High durability and resilience
- High wear resistance and stability
- High chemical and thermal stability
- Easy to clean
- Long-lasting

## Applications

---

- Kitchens
- Shops
- Catering facilities
- Interior decorating

## Structure and Quality

---

- **Substrate material:**  
Chipboard of 28 or 38 mm thickness with fine sanded surface, formaldehyde emission class E1
- **Coating material:**  
Surface: High pressure laminate (EN 438)  
Bottom surface: Moisture barrier  
Longitudinal edges: Edgefilm
- **Glue:** according to EN 204 D2
- **Product quality:** according to technical datasheet

## Product Range

---

- **Standard production size:** width 600 mm, length 4100 mm
- **Colour selection:** according to FALCO decor list
- **Surface structures:**

SM	Silk matt
FS30	Gloss
FS24	Woodpore matt
FS02	Crystal

FS15	Office
FS40	Textil
FS41	Wraky
FS42	Metal antique

- **Packaging:** 28 and 38 mm: 10 pcs. / pallet

## Storage, Transport and Installation

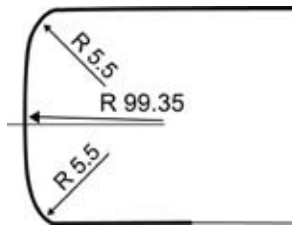

---

Protect against damage, contamination and the impact of weather. If unsure how to best install, please seek the advice of a professional.

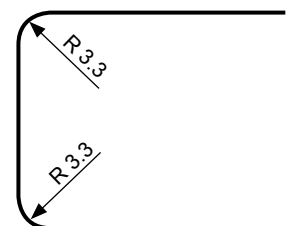

## Profile Type

---

“L” profile 28 mm: R 5.5 mm

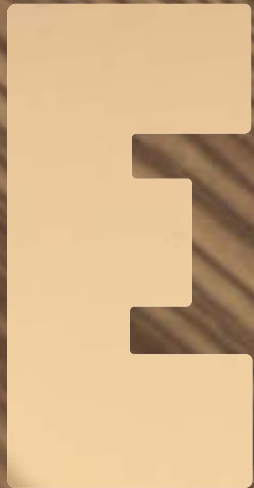

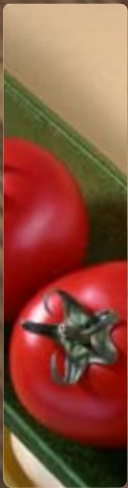

“U” profile 38 mm: R 3,3 mm

IDEAS

# Matches

- **HPL laminates**
- **Laminate strips:** width 34/43 mm, length 4100 mm (10 pcs. / pallet = 41 rm)
- **Transparent splashproof profiles:** length 5000 mm
- **Pasted splashproof profiles:** in same color as the worktop, length: 5000 mm
- **Finishing edges**

## Recommended splashproof profiles
